

FARM AND HOUSEHOLD.

It is said to be more profitable to dispose of cattle at the fair than to keep them until they are three years old.

By a test of the closest average work, it requires four bushels and forty-seven and a half pounds of corn to make a barrel of flour.—*Detroit Free.*

Ten Minute Cake: One-fourth of a pound of butter, a little less than a pound of flour, the whites of three eggs beaten separately, flavor with nutmeg or other flavoring to taste, and bake in muffin tins.

The glove powder, so generally used to prevent injury from perspiration, is of value; but common corn starch, rubbed thoroughly over the hands and put on the gloves, will answer this purpose.

—*St. Louis Globe.*

A good way to bake apples or pears is to first put in a small jar, cover them with water, and bake slowly for at least two hours. If you choose, scatter sugar over each layer of fruit before putting the water on. The jars should then be ready to serve with them, but you can add the sugar afterward and let it come to a boil.—*N. Y. Post.*

The Indiana Farmer fears that the threshing machines in the country will be utterly unable to thresh out the wheat that has been harvested before the season is over. The reason is that the road companies will be unable to furnish cars to transport the immense crop to the railroad, as fast as the harvest is made. There is indeed a probability that the crop will overflow all the warehouses and elevators in the country.

—*Month.* This delicious dish is a pretty appearance with palatable flavor, and is a good substitute for ice cream. Beat the whites of six eggs in a broad bowl to a very stiff froth, then add gradually six tablespoons of powdered sugar, beating for not less than thirty minutes. Beat in about a half cup of cream, a spoonful of preserved peaches cut in tiny bits (soft, ripe, fresh fruit is better if you can get it, or some canned peaches).

Set in ice until thoroughly cooled. In serving, pour on each saucer some cream sweetened and flavored with vanilla, and garnish with the cream and portion of the moonshine. This quantity is enough for eight persons.—*Boston Transcript.*

The Wives of Farmers.

The wives of farmers should be as well posted as their husbands in regard to the material changes which are every day being made in the profession to which they are allied; not only for present information, but for future reliance when perhaps the husband's earnings may be his last harvest, shall himself have been gathered home, carrying his sheaves with him.

There is no greater mistake than the one so often made, that of removal of the family to cities and towns, and the removal of the father who has spent his life cultivating a home for them.

Removed to cities and towns, and the children are torn from their old roots without having gathered strength to strike the new soil, then add to their lives the forfeit, in half-filled cellars and unsettled longings for the things which the home life has rendered impossible of attainment, in town or country.

Especially is this so with the daughters in America, where womanhood, by an injurious custom which is enfeebling the human race, begins ten, may fifteen, years early. The uprooting of their old habits of life changes into a chaotic maze what would in time have become a well-ordered life.

When I showed him a full-page engraving of a young girl, looking so simply sweet with a slight of gratification, "Ah, the Queen," answered the interpreter corrected. The ex-king, however, had been in England, and preliminary to his restoration to Zululand. To that end all his hopes are now being directed. He is now being crowned king of the Zulus, and his restoration to Zululand. To that end all his hopes are now being directed. He is now being crowned king of the Zulus, and his restoration to Zululand.

A Deposed King.

A correspondent who was on board the vessel with Cetewayo, King of Madagascari, to Plymouth gives the following narrative of the voyage: Although the weather was fine during the voyage, the King and his suite suffered for a short time from seasickness. The chief officer of the ship, Funchal, was very kind to the King and his suite. The chief officer of the ship, Funchal, was very kind to the King and his suite. The Gape Worm.

After a careful investigation in scientific works on kindred species of internal parasites, we have come to the conclusion that the natural history of the gape worm is as follows: That in the spring of the year the young poultry, in their search for insects for food, amongst decayed vegetable matter, swallow the eggs of a very small worm.

Education in Russia.

As might naturally be expected in a country which the scene of a relentless struggle between despotic autocracy and the ruling classes, and that wide-spread nihilism which exists among the population, the facilities for educating the Russian youth are of an extremely limited, factory and imperfect character.

SEVENTEEN years ago Belle Boyd took to lecturing, and now she is in jail. Ladies take warning!

Col. J. Smith Hurt, the nominee, is an able lawyer from Owensville, Ky., and a gentleman of high moral character.

YELLOW JACK seems to be crawling along the coast, but he has not long to stay. Frost will soon settle his case.

The battle between Blaine and Plaited is a stormy one, and it results in a tremendous importance to Blaine politically.

The river Nile is said to be rising, and the Cincinnati Saturday Night says Jay Gould is sorry he didn't buy it in when it was down.

THE Republicans of Fleming, Nicholas and Mason counties have been instructed for Hon. W. H. Wadsworth for Congress from the Ninth district.

SOUTHERN papers confess their inability to explain the present renewed demand for Confederate bonds, which last week sold as high as \$7.50 per \$10.00.

In Madison county John Thurman, while con-hunting Tuesday night, was killed by falling over a cliff seventy feet high, at the mouth of Boone creek.

PROCTOR KNOTT missed a boom by not coming here last week. There is latent power here for him that he could have awakened with but a small hand-shake.

Louisville has one whiskey or beer saloon to every thirty houses, one lawyer to every eighty houses, one doctor to every 120 houses, and one preacher to every 200 houses.

A log cabin was recently torn down on Cabin creek, Mason county, which had been standing over 100 years. It is not stated that either Dan Boone or George Washington ever had their headquarters there. The county records have been tampered with.

At the Congressional Convention held at Grayson to nominate a candidate for congress in the Ninth district. Harbeson, Prichard, Paynter and Hurt were placed in nomination. The first ballot stood Harbeson 321, Prichard 212, Paynter 10, Hunt 6, no change being up to the 78th ballot. Prichard for the sake of harmony, withdrew, and Clark Bascom from Bath, was placed in nomination. At the one hundred and eighth ballot Paynter was withdrawn and Hurt received the nomination.

The issues of the war being now buried forever, the Democratic and Republican parties have no issues, comparatively speaking. In casting about through the horoscope of the future, we see the temperance issue is looming up largely. Already several States have adopted prohibitory amendments to their constitutions, and several other States are fast following in their wake. The Republican party, which always hankers for an issue with which to retain power, will avail this opportunity and hurl it into national politics by State after State, until about '84 the grand presidential campaign will be made on this issue—to free the Union from the sale or manufacture of alcoholic spirits. On the other hand, the Democratic party in order to not get left, will hook on to educational, sanitary, and public improvement planks for a platform, while civil service reform will be adopted by both. Thus it appears to the thoughtful man on a small eminence looking beyond his nose, that American politics are to be come revolutionized, and a new and progressive era is dawning upon the people.

THE Republicans of the 19th district assemble in convention to-day at Catlettsburg, to nominate a candidate for congress for Col. Hurt to snow under. In an interview with Col. Wadsworth yesterday at Carlisle, he informed the News that "he would not make the race against Mr. Hurt, as he had promised both Hurt and Harbeson in case either were nominated—that both were personal friends, and had aided him in his congressional races heretofore, but had Prichard been nominated, he would have undoubtedly made the race, such was the pressure from both parties—particularly from the Democrats, from several counties."

At the Catlettsburg convention to-day, the names of John Blaine and Rev. Mr. Pinkerton, of Mayville, and B. Graham, Greenup, will be placed before the convention. As to the great uncertainty of the election, we will not presume to limit at what will probably be the victory man who will be elected.

LEXINGTON ITEMS.

See Dr. Walter's advertisement.

Mike Thornton took a premium on a physician's buggy last week.

Mrs. Belle Taylor will go to Cincinnati, to-morrow, to buy her new goods.

Our town was almost deserted Sunday, in consequence of Conference at Carlisle.

Col. Oliver has cut off his whiskers and quit looking like Col. Billy Breckinridge.

Mrs. Will Layton took premiums on strawberry and cherry preserves at the fair last week.

Charlie McIntock left Monday, to accept a situation in Hamilton College, of Lexington.

Josh Barton will hold his next Short-horn cattle sale at his new town, on Oct. 23rd, at which seventy head of fine ones will be offered.

W. H. H. Johnson, administrator of the estate of Mrs. Ann Wallace, dec'd., will sell her effects Saturday, at public sale.

Mrs. Dr. Smith has two mocking birds named Jones. Her next invoice will probably be honored with Smith and Smith, or Brown and Brown.

John Purnell has not been suffering quite so much for the last day or two, and himself and friends feel much encouraged at his getting up in a few weeks—LATER. He suffered greatly yesterday.

It was an outrage—that Sanford Carpenter was not awarded the premium over Hughes at the Fair Saturday, on that best turn-out. Stock judges ought to hire professionals from a distance of 400 miles.

Miss Julia Watson, formerly of this place, but now of Lexington, Mo., will be married to-day, to the United Clerk of her County. This good news has almost encouraged several more of our pretty girls to go West.

"Ho, boy!" has struck our town badly. The drunks, white and black are boring our citizens to death on the half shell with this prime instigator of it ought to have been "down yonder," immediately.

Constable Savage arrested Jim Turney, cold, Saturday, and the majesty of the law fell down on him with a \$100 bond for his future appearance for grim, cold handed justice, to answer charge of carrying concealed weapons.

Prof. Mitchell, of Baltimore, and 12 young Texas rangers, arrived here Saturday at the Female College. On account of floods last week, Dr. Gould did not arrive home, but will be on this week with about fifteen more.

Tom Hall has contracted to erect all of the miners' houses, inclined planes, elevating machinery and all of the other carpenter's work about the Jellico Mines, in Tennessee, in charge of Brent Hutchcraft. He will leave here the 18th with a corps of assistants.

Hogs are still dying with cholera in all parts of Wayne and Pulaski counties.

A Simpson county farmer shot at a deer the other day and killed three of his best sheep.

Warren county has twenty-eight Sunday schools with 138 teachers and 1,396 scholars.

A Falmouth, Ky., lady sells \$8 worth of milk and butter every week from two cows.

A colored man was badly poisoned at Hopkinsville, by drinking arnica for whiskey, at a hotel.

An unknown coon asleep on the track was run over and cut to pieces by an L. & N. train near Cave City.

Another of Gen. Washington's old acquaintances has just died at Danville. She was colored, 120 years old named Jennie Roote.

Grayson county, that receives twice as much from the State for school purposes as it pays in, voted against the additional school tax.

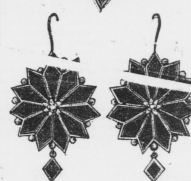

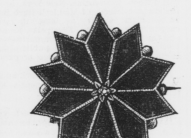

A Post of the Grand Army of the Republic, was organized at Falmouth Saturday, by a lot of ex-army officers and privates.

A snake with two heads was recently killed in Wolfe county. It was preserved in alcohol, and now graces the sanctum of the West Liberty Scholar.

There is a man near Hurricane Springs who has whiskers sixty-three and one half inches long. He is easily managed in the domestic circle.

In Madison county, Wm. Coates, while hunting, shot himself in the leg, shattering the knee so badly that amputation was necessary. It is thought that he will die.

Fine Bourbon Farm
 PRIVATE SALE.

I wish to sell privately my farm of 250 acres, lying one mile south-east of North Mid-town, Bourbon county, on the turnpike leading to Mt. Sterling.

The farm is in a high state of cultivation, well timbered, well watered and well fenced—nearly all of the outer line being stone.

The improvements are first-class, and are comparatively new. The dwelling is a two-story brick, with ten rooms. All the out-buildings are good and convenient. The barn has a capacity of housing ten tons of tobacco.

The place is located convenient to good schools and churches, and is in a fine neighborhood as there is in the bluegrass region.

For further information, address, or call on me at the premises.

I mean business. R. W. OWEN.

Also, my father wishes to sell 110 acres of fine unimproved land lying near my farm. It has plenty of timber, and is in a high state of cultivation, and all is in grass but a small portion.

KENDALL'S SPAVIN CURE

THE MOST SUCCESSFUL KENEDY

ever discovered as it is certain in its effects and does not blister. An excellent for human flesh. READ PROOF BELOW FROM

COL. L. T. FOSTER.

YOUNGSTOWN, OHIO, MAY 10TH, 1880.

B. J. KENDALL & Co., Gentls—I had a very valuable Hambleton colt which I prized very highly; he had a large boil on the spine on one point and a small one on the other, which made him very lame; I had him under the charge of two veterinary surgeons who failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the Chicago Express, I determined at once to try it, and got our druggists here to send for it; they ordered three bottles, I took them all and thought I would give it a thorough trial, and used according to directions and the fourth day the colt ceased to be lame, and the lumps had disappeared. I used but one bottle and the colts limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have a natural position. For a family liniment it exceeds anything I ever used.

I am truly,
 Very Respectfully,

Your spavin cure put the foot to the ground again, and for the first time since hurt in a natural position. For a family liniment it exceeds anything I ever used.

Kendall's Spavin Cure.

ON HUMAN FLESH.

Patten's Mills, N. Y., Feb. 21st, 1878.

B. J. KENDALL & Co., Gentls—The particular case on which I used your Kendall's Spavin Cure was a malignant ankle sprain of sixteen months standing. I had tried many things but in vain. Your spavin cure put the foot to the ground again, and for the first time since hurt in a natural position. For a family liniment it exceeds anything I ever used.

I am truly,
 Very Respectfully,
 L. T. FOSTER.
